

THE LOS ANGELES LINE TO BE BUILT

Oregon Short Line May Push Its Early Construction.

MR. BANCROFT GOING SOUTH

Over the Utah & Pacific, and Will Go by Team over the Proposed Route to Los Angeles.

Citizens of Salt Lake are very anxious to see a line of railroad put through to Los Angeles, because of the great benefit that would result to the town. The construction of such a road is a near probability, and it is accepted as a fact that Mr. Bancroft of the Oregon Short Line will leave here on Friday morning to make an inspection of the Utah & Pacific. But his trip will not end there, for an order has been issued for the shipment of a car load of road building material. This will be used for the purpose of riding over the proposed route of the Los Angeles line. This action indicates an early extension of the Utah & Pacific to Los Angeles and that the Oregon Short Line will back the enterprise. In fact the Short Line is already interested in the Utah & Pacific, having furnished all the rolling stock, etc. As a consequence of its close relations with the Short Line the Utah Pacific certainly looks upon this Los Angeles line with a friendly eye and will expedite the construction of the line as much as possible, for while the relations between itself and the Southern Pacific are not very cordial, the Overland line would have with it a powerful outlet to the Pacific coast. When that is built it must prove to be a paying proposition right from the start, for there is plenty of business to sustain it. The fact that it will cut the distance between here and the coast by a very considerable number of miles will also be a great factor in bringing business to the new line. Mr. Bancroft's return and the result of his trip will be anxiously awaited.

Many Amusements

Z. C. M. L.'s employees are having an enjoyable outing at Laegon, where a great program of sporting events is being pulled off. These include an eight-mile bicycle race, shooting match, sack and wheelbarrow races for boys and girls, bun-baking contest, ladies' races, potato-peeling contest, needle and thread race, baseball game, relay race, obstruction and hurdle races, sailing contest, tug of war and boat race.

State Excursion

The Macabees of Utah will conduct an excursion to Salt Lake tomorrow, bringing visitors from all parts of the State. Agents along the Short Line and the Rio Grande Western report large sales of tickets for the occasion and it is therefore anticipated that a big crowd will be here tomorrow. The excursion will be a hand-out from the organization from Springfield and one from Spanish Fork. Both bands belong to the order.

SPIKE AND RAIL

The Burlington did a big freight business in June. Employees of Z. C. M. L. are having a gala day at Laegon. Traffic men of the Western are scheduled to arrive at Grand Junction tonight.

Mr. Donald Rose of the Illinois Central is expected to return from Montana on Saturday.

J. P. Bacon has been appointed freight agent for the Union Pacific in Iowa, vice Phil M. Rose, resigned.

Great work is being done on the Short Line in Idaho in the matter of reducing grades and curves and general repairs.

Nearly a million dollars increase in net earnings in a year is a good showing and the Rio Grande Western people are proud of it.

A report has been promulgated that Chief Engineer Berry of the Union Pacific had resigned, but there seems to be no truth in the rumor.

Frank Higginbotham, auditor for the Bank Lake & Mercantile, left here today for Denver, where he is expected to travel a couple of weeks.

Railroad passenger travel in this direction is unprecedented. Thousands of visitors from the East are "doing" the western part of the country.

On the 19th the Democrats will have their day at Salt Lake and will there rally the national party. The rally will also, in the morning, mark the opening of the campaign.

Firemen engaged on the Union Pacific between North Platte and Sidney are determined to resist the contemplated watch order, even if they must strike in a body.

The Southern Pacific coal heap at Winnemucca, Nev., is on fire and a big gang of men is endeavoring to stop the conflagration by removing the unburned coal.

Fire in the snow sheds on the east side of Soldier Summit threatened to stop traffic for some time, but a gang of men extinguished the flames yesterday and but little damage resulted.

It is said that Union Pacific employees will be required to take annual physical examinations soon. It is common for rheumatis and all such aches to be excluded from the service after the examination. The result will be the retirement of a large number of men.

By all odds the daintiest and handiest piece of railroad literature half-toned folder, entitled "The New Pennsylvania Limited," just issued by the great Pennsylvania system. The "News" acknowledges receipt of a copy with the compliments of General Passenger Agent Ford.

On Monday a tramp named Wm. St. Clair stole a passenger engine from the Denver & Rio Grande yards at Durango, Colo. The locomotive got beyond his control after he had gone a few miles and was ditched while going at the rate of fifty miles an hour. Much damage was done to the machine, but the tramp received only a slight cut on the head, which he will undoubtedly be able to live with.

The Occidental & Oriental steamship company held its annual meeting at San Francisco yesterday. George Crocker was dropped from the office of president and director. New directors Burt, H. E. Huntington, J. C. Stubbs, R. P. Schwerin and D. W. Hitchcock. The directors organized by selecting the following officers: President, R. P. Schwerin; vice president, Horace G. Burt; secretary and general manager,

D. D. Stubbs. Mr. Schwerin is vice president and general manager of the Pacific Mail and Mr. Burt is president of the Union Pacific railway.

ROBERTS TALKS TO M. L. A.

Speaks Interestingly of the Doctrines of the Church.

Last evening in the Social Hall, Elder B. H. Roberts delivered a lecture to the officers of the Y. M. M. L. A. of this State. There was only a fair attendance of mutual officers and workers at the meeting, but those present received a rare treat, and the explanations made and information given out by the lecturer upon the next season's manual, which was his subject, were very interesting.

After the usual opening exercises Elder Roberts proceeded with his subject. He said he would pass by the historical matter embraced in the period under discussion, and consider "Doctrine Development at Nauvoo." During all the trying experiences of the people, while in New York, Kirtland, Ohio, Missouri, Illinois or no rest from their troubles had been possible, but in Nauvoo there was a period of about two years of comparative peace enjoyed by the people, and this time the Prophet used marvelously well in the development of the doctrines of the Church. Prior to this period we knew but little concerning the Holy Ghost, the mysteries of the Godhead, Salvation for the dead, the eternity of the marriage covenant, and plural marriage; the resurrection, and the final destiny of man and the earth, which we live. These and many other advanced principles of the Gospel were given to the world by the Prophet Joseph at about this time.

Here the speaker showed how little the Christian sects extant at the time in question knew with reference to these important doctrines, and how when some were denounced, they cried "blasphemy, blasphemy," etc. But all of these doctrines are in beautiful harmony with the Bible scriptures though not understood by the world at large, and the accusation of blasphemy cannot be successfully maintained against the Latter-day Saints.

The lecturer showed conclusively that what the world calls "Mormonism" contains truths regarding the universe, the earth, its end, destiny, and man's relationship to Deity, etc. It was here that the Prophet gave forth that elevating doctrine, "That God were as man is," and man may become as God is. Among some of our people there is an impression to the effect that this did not emanate from Joseph Smith. "Let me correct this error, because," said the speaker, "the idea was first enunciated by him if it was not couched in the above language."

The speaker said many of the discourses and sayings of the Prophet which have come down to us were taken down in long-hand and consequently are only a synopsis of what he said on different occasions; and while we accept his sayings and discourses along with the other standard works of the Church, we should say that we accept only "the well established sayings and discourses of the Prophet Joseph," and not every rumor that is said to have come from him.

Again, it should be remembered that the Prophet had a sense of humor, and that he was a man; and many times he manifested this sense of humor in speaking in a jocular strain. For instance, he was once asked the cause of the ebb and flow of the tide. He at once replied that it was the ebb and flow in the expansion and contraction of the earth, causes the rise and fall of the tide. But misunderstanding as to the Prophet is always speaking as such, should never speak as a man, or be humorous, and hence took what he said on such occasions too seriously. In studying the manual this fact should be kept in view.

The lecturer also gave many hints and suggestions as to the best method of studying the new manual, and subjects it will contain. It deals with a period of the Church's history that is most vital and important, and therefore should receive the most careful consideration from the officers and members of the associations during the coming season. The work will contain many gems gathered from the past, and many of which have heretofore been unpublished in compiled book form, and hence it will be of great value, both as a manual for the Mutual association, and as a reference work. The young men were admonished to prepare themselves for the most interesting and important season's work—that of 1900-1901.

SHEEP AND WOOL

Wool Market and Sheep: The most successful shepherds or flockmasters are not always the ones blessed with abundant capital or financial resources, but generally those that start on little or nothing, and with energy, industry, and as reference work. The heaviest rise steadily but surely to the goal of success.

Wool Market and Sheep: With the large number of good sheep dips now offered for sale, there is little chance of providing a water-tight tank to hold the dip, a dripping floor where the sheep are washed, and some special fencing of chutes and small enclosures for catching the animals. Such an outfit does not represent a large outlay except in labor, and it will be a permanent improvement which can be used for a number of years.

At last week's meeting of the Chester-le-Street Farmers' club, Mr. J. B. Turnbull, of Peabody, mentioned a case of extraordinary lambing that had occurred in his flock. One of his half-bred ewes dropped a dead lamb, and after an examination Mr. Turnbull relieved her of six more, making a total of seven—all dead. The ewe is alive and doing well. There was a large gathering of members, and the case was fully discussed. Not one in the meeting had ever seen

"Waste Not, Want Not."

Little leaks bring to want, and little impurities of the blood, if not attended to, bring a "Want" of health. Hood's Sarsaparilla is the one and only specific that will remove all blood humors and impurities, thereby putting you into a condition of perfect health.

Bad Stomach—"Headaches and tired feeling, bad condition of stomach, caused me to take Hood's Sarsaparilla. It stopped all faint trouble." Charles Borer, Glen Falls, N. Y.

Hood's Sarsaparilla

Never Disappoints

Hood's Pills cure liver, the non-irritating and only cathartic to take with Sarsaparilla.

Save Your Dollars.

They might come in handy some day and every time you pay 25c for a full weight pound can of Three Crown Baking Powder you save 25c. You also save money when using Three Crown Spices as they are ground fresh all the time while imported goods lose their strength and aroma, and if you wish delicious cakes and ice cream ask your grocer for Three Crown extracts, as they will assure the best of success.

Hewlett Bros. Co.

or heard of a similar case, and there was a general expression of opinion that the extraordinary case was without precedent—North British Agriculturalist, Scotland.

A well known sheep man writes as follows: A large percentage of the fleeces produced in the United States is cross-bred wool. That is, but a small percentage comes from pure-bred sheep, even if we take the total product from all the breeds of sheep having recognized registry associations into account. The fleeces of wool which are graded by local dealers or commission men are seldom opened. The sorting process is a much closer and more accurate method of classifying wools. Before the wool is sorted it is generally sorted, and the expert wool sorter opens the fleeces and removes portions of it here and there and throws it into separate piles or baskets. The number of sorts of wool in fleeces varies greatly, ranging from two or three to five or six sorts from the same fleece. It has been found that fleeces from pure-bred sheep do not, as a rule, have as many sorts of wool in them as those taken from grade and cross-bred animals. Fleeces uniform in quality and length of staple are most desirable for manufacturing purposes. Consequently if we wish to produce wools most desirable for the manufacturer we must not cross indiscriminately. We can use for the foundation stock of a flock, grade or native ewes and by systematic grading up with some definite breed of sheep we can produce a more even grade of wool throughout the fleece—Wool Market and Sheep.

SENATOR DANIEL HAS CONE WEST

Received Some Callers at the Knutsford This Morning.

MAY MAKE A SPEECH HERE

Local Politicians Desirous of Having the Noted Orator Address Salt Lake.

Senator John W. Daniel of Virginia, after stopping at the Knutsford last night, left for California this morning. The senator held a conference with a number of leading Utah Democrats and expressed much confidence in the prospect for Mr. Bryan's election in November. Senator Daniel may stop here on his way back from California, and if he can so arrange his affairs he will make a speech here.

After spending the night at the Knutsford hotel, Senator John W. Daniel left on the noon Rio Grande Western train for the West. California being his objective point, the object of his pilgrimage being rest and recuperation. The senator received a few callers this morning, among them being several prominent Democrats.

Senator Daniel went out to Salt Lake on the 7:15 train, a private car having been attached to the train, to convey him and a small party to the resort. The party consisted of Senator Daniel and his son, E. L. Daniel, Senator J. L. Rawlins, Hon. A. W. McCune and wife, Chairman J. H. Moyle, State Senator D. H. Perry, Hon. R. T. Lloyd, Wm. H. Dale, Pragt, E. W. Wilson of the board of education, A. H. Tarbet, Judge Powers, Judge Norrell, Hon. R. E. Lund, Hon. C. S. Varian, Hon. Wm. O'Neil and Fred Leonard and representatives of the press.

On the way out to the lake, one of those gorgeous sunsets, seen only in the Salt Lake Valley, was witnessed, much to the delight of the distinguished visitor. Senator Daniel said that the night had a charm and a beauty that he had never experienced before. Arriving at the lake, most of the party took a plunge in the water, and the senator remarked that each and every experience he had had while in Utah was in character, but a bath in America's famous dead sea was the most wonderful of all. "You have a beautiful land here," he said, "and have built it out of a forbidding desert waste, produce a more even grade of wool throughout the fleece—Wool Market and Sheep."

He went on to say that there was such a difference between the West and the East—a difference that could be felt as well as seen. He said further that he was sorry that this was his first trip west of the Missouri river. "It seems," added he smilingly, "that I am just becoming acquainted with my own country. This trip is a revelation and would broaden any man's mind to take it."

The senator is not on a political mission and is disinclined to talk politics. He is simply traveling through to the coast for pleasure. He states, however, that the chances for Mr. Bryan's election, this year, are far better than in 1896, and that the battle will be fought to the bitter end.

It is just possible that Senator Daniel will be prevailed upon to speak at Salt Lake upon his return from the coast which will be in a week or ten days.

SENATOR SHOUP HERE.

Distinguished Idahoan Will Spend a Few Days in Salt Lake.

Senator George L. Shoup arrived here last night and registered at the Knutsford. The senator expects to be here for a few days upon business. He feels much confidence in the ability of the Republican party to carry the State of Idaho in the next election, believing that the overtures to the Populists, the Silver Republicans were quiescent throughout the night, simply waiting for the others to act. Shortly after 3 the three conventions took a recess until 10 o'clock. The conference committee this afternoon reported to the three state conventions an agreement to have the Silver Republicans the office of lieutenant governor, the Democrats the offices of treasurer and commissioner of lands and buildings, and the Populists the rest of the ticket. This division was acceptable to the Democrats. W. D. Oldham, the leading Democratic candidate for attorney-general, would be the ticket. The arrangement was made by the three parties. The Populists, however, refused to give two places on the ticket to the Democrats and a committee was sent to the Democrats offering any one office the Democrats may wish.

Nominated for Congress.

Traverse City, Mich., July 12.—A. B. Danahy of Traverse City was nominated for Congress today by the Eleventh district Republican convention.

FEEDING FOR HEALTH.

Directions by a Food Expert.

A complete change in food makes a complete change in life. Therefore if you are ailing in any way, the surest road back to health is to change your diet. Try the following breakfast for ten days that mark the results:

Two soft boiled eggs. (If you have a weak stomach, boil the eggs as follows: Put two eggs into a pint tin cup of boiling water, cover and boil for five minutes. Take out in nine minutes; the whites will be the consistency of cream and partly digested. Don't change the directions in any particular.) Some fruit, cooked or raw, cooked preferred, a slice of toast, a little butter, four heaping teaspoons of Grape-Nuts with some cream, a cup of properly boiled Peabody Food Coffee.

The Grape-Nuts breakfast food is fully and scientifically cooked at the factory, and both that and the Postum Coffee have the diastase (that which digests the starchy part) developed in the manufacture. Both the food and the coffee, therefore, are predigested and assist, in a natural way, to digest the balance of the food. Lunch at noon, the same.

For dinner in the evening use meat and one or two vegetables. Leave out the fatty deserts. Never over-eat. Better a little less than too much.

If you can use health as a means to gain success in business or in a profession, it is well worth the time and attention required to arrange your diet to accomplish the result.

FUSION DOWN IN NEBRASKA

Daylight Found the Three Conventions Still in Session.

Trouble Was Over Places—M. F. Harrington Creates a Sensation—Democrats Get Their Demands.

Lincoln, Neb., July 12.—Daylight found the three fusion state conventions, which began yesterday afternoon, still in session with practically no progress made further than the adoption of their separate platforms. The whole question hinged on whether the Democrats would yield from the position they had taken in demanding two places on the state ticket together with all the electors for President and Vice President. All efforts to bring about a surrender were hoveled down derisively.

In the Populist gathering at 2 o'clock this morning a motion was made that the Democrats be given the electoral ticket and the Populists take the state offices. The debate on this was spirited and delegates accused each other of wanting to trade off the rights of the national party and the rights of Mr. Towne for a few state offices. M. F. Harrington created a sensation by asserting that the way to increase the middle-of-the-road movement was to throw Towne over and substitute one who, he said, had declared the war a failure. He said Towne's withdrawal would lead North Dakota, South Dakota and Kansas and the fusionists would have to fight for their lives in Nebraska.

H. Edmonson, vice chairman of the Populist national committee, endorsed all that Mr. Harrington had said. Mr. Edmonson declared if the Populists did not hold their place on the ticket they could never hold another national convention. Representative Wheeler, of Custer county, took issue with the preceding speakers. He said there was no prospect of Mr. Towne remaining on the ticket. He favored concessions to the Democrats.

In the Democratic convention W. H. Thompson pleaded for harmony and further overtures to the Populists. The Silver Republicans were quiescent throughout the night, simply waiting for the others to act. Shortly after 3 the three conventions took a recess until 10 o'clock. The conference committee this afternoon reported to the three state conventions an agreement to have the Silver Republicans the office of lieutenant governor, the Democrats the offices of treasurer and commissioner of lands and buildings, and the Populists the rest of the ticket. This division was acceptable to the Democrats. W. D. Oldham, the leading Democratic candidate for attorney-general, would be the ticket. The arrangement was made by the three parties. FUSION DOWN IN NEBRASKA

Daylight Found the Three Conventions Still in Session.

Trouble Was Over Places—M. F. Harrington Creates a Sensation—Democrats Get Their Demands.

Lincoln, Neb., July 12.—The speeches of Mr. Bryan to the three fusion conventions last night are expected to be the last public utterances he will make for several days. Mr. Bryan is anxious to get all the rest he can before going to Indianapolis to receive the official notification of his nomination. Very nearly all the prominent politicians who have been here since Sunday departed and few if any other visitors are expected this week.

Western Union Annual Meeting.

New York, July 12.—The stockholders of the Western Union Telegraph company, held their annual meeting at the company's offices in Jersey City today, when the following directors were elected: Thomas T. Eckert, Chas. A. Tinker, A. R. Brewer, M. B. Berthoff. The directors subsequently elected Thomas T. Eckert president, Chas. A. Tinker, vice president, and Thomas F. Clark, secretary.

DIED.

GUNDERSEN.—At Mill Creek, July 9, 1899, Oline Gundersen, aged 44 years, 2 months, 4 days. Born at Drammen, Norway, May 4, 1854. Joined the Church of Jesus Christ of Latter-day Saints in the year 1882, emigrated to Utah in 1886. Died a faithful Latter-day Saint.
